**Wadi Bou Ghindass
Oil & Gas Services Co. Ltd.**

Established partnership with major players in the oil industry to help us meet your needs.

Introduction

Wadi Bou Ghindass (WBG) Oil & Gas Services Co. Ltd. with business registration No. 45224/2013 is the first oil services company registered in Tazerbo, South of Libya.

We started as Wadi Bou Ghindass Applications & Environmental Solutions which provided services for the last 5 years on some environmental projects. This gave us the experience and motivation to further expand our services and become a player in the oil industry.

WBG Oil & Gas Services Co. Ltd. has to start with good management and people with long years of experience in Engineering, Construction, General Maintenance Services, Metal Fabrication and Machining, Reverse Engineering , Maintenance and Repair of Oil Facilities and Petrochemical Plants. Supply of highly skilled and experienced manpower from Asia, Africa, Europe and the USA help us provide oil field support and services to exploration and production companies.

The plan of the Ministry of Oil & Gas under the new government to increase production of crude oil from 1.4 million barrels per day 1.7 million barrels per day by 2014, to 3 million barrels per day by the end of 2017 further strengthened our desire to help contribute to improve oil and gas production in Libya by providing the much needed equipments, materials, product and services using highly skilled, experienced and qualified manpower.

To help realize our objectives, WBG Oil Services Company Ltd. immediately seek partnership and alliances with big international companies highly experienced in the oil industry to help ensure our competitiveness and deliver the necessary products and services to clients satisfaction.

**Wadi Bou Ghindass
Oil & Gas Services Co. Ltd.**

Established partnership with major players in the oil industry to help us meet your needs.

We are happy that we have made **business alliances** with following international/local companies to help us give a good start:

- A. Calvert Group of Belgium**
- B. Nafta-Strojna of Slovenia**
- C. Tianjin DFXK Petroleum Machinery Co., Ltd. of China**
- D. Technomarine.pl of Poland**
- E. Jinggong Valves of China**
- F. Control Techsystems Pvt. Ltd. (CTPL) of India**
- G. Libya's Future LTD for Environmental Solutions of Libya**
- H. World Transman International Placement Inc.**
- I. K.P.W. Manpower Services**

We continue to search for other specialized companies to help us further grow, be competitive and deliver our products & services in accordance with International Standards and Specifications.

شركة وادي أبو غنداس ذ م م

Established partnership with major players in the oil industry to help us meet your needs.

**CALVERT
GROUP**

Products & Services Provided by our Partners:

A. Calvert Group of Belgium

- Steel/Stainless Oil and Gas Pipes
- Fiberglass Pipes (GRP & GRE)
- OCTG-Casing & Tubing
- Drill Pipe
- Wellheads & Trees
- Fittings Large Diameter
- Control & Standard API Valves
- Calvert Steel Insulated Steam Injection Pipe
- Onshore & Offshore Line Pipe (Seamless & Welded) (Alloy, Low Temp. Stainless, Duplex and Carbon)
- Slotted Liners and Double Wall Steel Jacketed Insulated Pipe
- In addition to manufactured products/materials, Calvert Group also provides oil and gas well Work-Over Services, Well-Completion and Well Simulation.

Established partnership with major players in the oil industry to help us meet your needs.

B. Nafta-Strojna of Slovenia

1. Vessel Program

- Production, erection and reconstruction of above ground tanks for petroleum products.
- Production of (atmospheric) pressure containers, heat exchange devices- carbon steel and alloy materials.
- Production of double-shell underground tanks for petroleum products.
- Production and assembly of drinking and technological water filters.
- Tanks (aboveground and underground) for LPG.
- Production of grain and impalpable materials silos.
- Project documentation preparation.

2. Steel Construction Program

- Production and erection of machines and devices for petroleum and petrochemical industry; also according to “ready-to-produce” system.
- Technological pipelines assembly.
- Mechanical processing of metal parts and welding (milling, turning angular and circular plate bending, thermal treatment etc.
- Production of equipment and installations for mechanical, electrical and measurement-regulation processing industry.

3. Maintenance and Repair Program

- Maintenance and repair of mechanical and electrical processing equipment.
- Vessels, tanks, storage and hydrocarbon-management equipment cleaning and ecological waste management.
- Assembly, maintenance and repair of electro and measurement-regulation equipment used in risk explosive areas(Ex).

天津市东方先科石油机械有限公司
Tianjin Dong Fang Xian Ke Petroleum Machinery Co., Ltd.

Established partnership with major players in the oil industry to help us meet your needs.

C. Tianjin DFXK Petroleum Machinery Co. Ltd. of China

1. Products

- Truck-mounted workover rig(320HP,3200m)- (2(630HP),9000m)
- Truck-mounted Drilling Rig(540HP,1500-2000m)- (2(630HP),4000m)
- Trailer-mounted Drilling Rig(630HP,2000m)- (2(630HP),4000m)
- Low-temperature Drilling Rig(2(630HP),4000m)
- Skid-mounted Drilling Rig(1500HP,5000m)- 2000HP,7000m)
- Mud Circulating System
- Pump Unit
- BOP
- Remote Control Device
- Choke and Kill Manifold
- Generator, SCR,VFD,MCC Room.
Driller Cabin
- Industry Water tank
- Drill Pipe/Drill Collar
- Spiral Drill Collar
- Well Head Tools
- Top Drive
- Rig matting

Mud Circulating System

2. Drilling and Workover Services.

- ### 3. Designing, manufacturing, assembling, commissioning of new products and new process in petroleum drilling equipment.

3000/4000m Truck-mounted Drilling Rig

D. Techno Marine.pl of Poland

1. Specialized in production of:

- Complete professional boats
- Design of watercrafts
- Design and assembling of pneumatic tubes
- Design and assembling of various upholstery elements
- Installation of propulsion systems
- Installation of navigation and communication systems
- Service of boats, watercrafts, tubes, propulsion systems, navigation and communication systems etc.
- Specializing in manufacture of RHIBs, Pilot Boats, Commercial Boats constructed from glass reinforced plastic, steel or aluminum.

中国·精工阀门有限公司
CHINA JINGGONG VALVE CO.,LTD.

Established partnership with major players in the oil industry to help us meet your needs.

E. Jinggong Valve Co. Ltd. of China

1. Offer a wide variety of materials and sizes of valves which are extensively used in petroleum field, energy field, metallurgy, chemical industry, power station, water supply and etc.

闸阀

Gate Valve

公称口径: 2"-48" (50mm-1200mm)
公称压力: 150Lb-2500Lb (1.0Mpa-42.0Mpa)
阀体材质: WCB、CF8、CF8M、CF3、CF3M、铬钼钢、铬钼钒钢等
Nominal diameter: 2"-48" (50mm-1200mm)
Nominal pressure: 150Lb-2500Lb (1.0Mpa-42.0Mpa)
Body material: WCB、CF8、CF8M、CF3、CF3M、WC6、WC9、C5

顶/上装式球阀

Top Entry Ball Valve

公称口径: 1/2"-20"(DN15-DN500)
公称压力: 0.25MPa-25.0Mpa (150Lb-1500Lb)
阀体材质: WCB、CF8、CF8M、CF3、CF3M、A105
Nominal diameter: 1/2"-20"(DN15-DN500)
Nominal pressure: 0.25MPa-25.0Mpa (150Lb-1500Lb)
Body material: WCB、CF8、CF8M、CF3、CF3M、A105

蝶阀

Butterfly Valve

公称口径: 2"-80" (DN50-DN3000)
公称压力: 150Lb-600Lb (0.25MPa-4.0MPa)
阀体材质: WCB、CF8、CF8M、CF3、CF3M、Q235、16Mn、铬钼钢、铬钼钒钢等
Nominal diameter: 2"-80" (DN50-DN3000)
Nominal pressure: 150Lb-600Lb (0.25MPa-4.0MPa)
Body material: A105、F304、F316、F304L、F316L

锻钢球阀

Forged Steel Trunnion Type Ball Valve

公称口径: 2"-40"(DN50-DN1000)
公称压力: 150Lb-1500Lb(1.6Mpa-25.0Mpa)
阀体材质: A105、F304、F316、F304L、F316L
Nominal diameter: 2"-40"(DN50-DN1000)
Nominal pressure: 150Lb-1500Lb(1.6Mpa-25.0Mpa)
Body material: A105、F304、F316、F304L、F316L

Wadi Bou Ghindass
Oil & Gas Services Co. Ltd.

Established partnership with major players in the oil industry to help us meet your needs.

F. Control Techsystems Pvt. Ltd. (CTPL) of India

Control Techsystems Private Limited (CTPL) is a diversified integrated ISO 9001 certified company to provide the best of the services available in the field of following disciplines:-

CUSTOM BUILT ELECTRICAL & INSTRUMENTATION PACKAGES ON
TURNKEY BASIS

SUPPLY AND ERECTION OF TRANSMISSION LINES

SUPPLY & ERECTION OF INDUSTRIAL INSULATION PROJECTS

SUPPLY & ERECTION OF INDUSTRIAL BLASTING & PAINTING
PROJECTS

SUPPLY & ERECTION OF PREENGINEERED STRUCTURAL STEEL BUILDING
PROJECTS

CTPL is fully committed to achieve excellence in performance with main focus on clients' satisfaction for its services.

The company is managed by professionals having rich experience of managing similar field of activities for over 30 years in various projects worldwide in industrial sectors such as:

Oil & Gas Sector, Refineries & Petrochemical Plants

Power Sector / Plants

Fertilizer Plants

Industrial Parks

CTPL, as an organization, believes in consolidation of resources, which is strength of Today's world. Accordingly, we have developed our channel partners, who have best materials and maintain stocks of supplies required to meet tight erection schedules and commissioning targets of the projects.

CTPL, with its rich experience in middle east field, has an experienced work force for domestic as well as for international projects that has to its credit successful completion of many projects, a few of the same have been listed in the attached Appendix. For international projects, skilled & passport holder manpower is readily available.

Presently, CTPL is executing few projects in Middle East, Bhutan and Sudan for various esteemed clients. Detailed list is attached elsewhere in the Profile.

We have recently completed a contract for installation of thermal insulation at Kingdom of Saudi Arabia. The project has been awarded by Daelim Saudi Arabia Co. Ltd, who is the main EPIC Company at this project of M/s Al- Waha Petrochemical Company for their PDH plant at Jubail. The scope of work involves hot and cold insulation for vessels, tanks, piping, specialties etc.

We have also completed very recently a contract from Exico Petroleum services, Sudan for surface preparation (grit blasting) & painting of five large dia (80 meter dia x 18 meter height) crude oil tanks at port Sudan for GNPOC.

We are working for various instrumentation & electrical projects. Presently, supplying various packages to PEDE & PETE, ministry of electricity, govt of Syria.

CTPL with its rich experience in Oil & Gas sector and Power Sector have all necessary infrastructure tools & tackles for taking up contracts at short notices. The major emphasis at CTPL is on quality work with due consideration to project schedule

**Libya's Future LTD
For Environment Solutions**

Established partnership with major players in the oil industry to help us meet your needs.

G. Libya's Future LTD for Environmental Solutions

1. Radioactivity surveillance for oil fields to estimate the Natural Occurring Radioactive Materials (NORM).
2. Training courses in the field of radiation protection.
3. Installation and replacement of anthropogenic (man-made radioactive sources) used in industrial applications especially oil industrial applications.
4. Providing scientific advises to the oil companies especially in NORM handling methods.
5. Providing workers in radiation field by safety protective means such as (Film badges, clotting, survey equipments...etc.)
6. Estimating personal radiation doses and presenting radiation health reports annually.
7. Design and construction of radioactive sources pits and sites.
8. Assessment of environmental radiation impacts (quantitative and qualitative analysis) for NORM by using advanced technologies such as gamma spectroscopy and alpha beta counting systems...etc.
9. Complete the import and re-export certificates of radioactive materials at the customer authorities.
10. Transporting radioactive materials from the customer's points to the fields of use, according to national and international rules for transporting dangers goods.
11. Calibration of radiation meters, quality control of radio-diagnostic and radio-treatment units.

Libya's Future LTD has partnership with **SMI-Industries** an American company specialized in design and manufactures of water treatment systems (upstream & downstream) and services for oil & gas production and processing. Following are SMI products which we can supply:

- Crude Disasters & Dehydrators
- Phase Separators & Coalescers
- 2-Phase & 3-Phase Separators
- Coalescers
- Gas Dehydration Systems
- Solid Desiccant Dehydration
- Glycol Dehydration
- Produced Water Treatment
- Launchers & Receivers
- Pipe Wrapping
- Gas Blow down Systems
- Repair Sleeves

**Wadi Bou Ghindass
Oil & Gas Services Co. Ltd.**

Established partnership with major players in the oil industry to help us meet your needs.

Wadi Bou Ghindass (WBG) Oil & Gas Services Co. Ltd. wishes to inform you that we can provide following services.

A. CONSTRUCTION SERVICES-locally available capabilities

1. Supply and erection of pre-engineered structural steel building projects-design, fabrication, supply, erection and handing over of pre-engineered building structure, wall and roof cladding, false ceiling, false flooring, air-conditioning, fire detection, clean agent gas fire suppression system, electrical lighting & distribution, aluminum and steel doors and windows, rolling shutters, vinyl flooring, ceramic and acid proof floor and wall tiles, Telecom and LAN system.

B. DESIGN & DETAILED ENGINEERING SERVICES-locally available capabilities

1. Oilfield Equipment modification and fabrication.
2. Reverse Engineering
3. Localized designs for broken parts and manufacturing of parts using local facilities such as welding, turning, milling, grinding and castings.
4. Electrical cables connection & distribution.
5. Process improvements & plant modifications.
6. Flow diagrams and piping layout.
7. AutoCAD & Solidworks drafting services.
8. Cost estimation

Established partnership with major players in the oil industry to help us meet your needs.

C. LOGISTICS- Locally available capabilities

1. Provision of security.
2. Transport of personnel.
3. Transportation for rig move.
4. Provision of complete camp.
5. Provision of forklifts, cranes from 25 tons to 120 tons capacity.
6. Supply of drinking water, water for washing and water for other use.
7. Supply of fuel.
8. Provision of maintenance of adequate roadways for location.
9. Heavy equipments such as bulldozers, graders, shovel and etc.

D. ENVIRONMENTAL SERVICES – locally available capabilities

1. Environmental impact studies for any activities.
2. Studies related to 'NORM' Natural Occurring Radioactive Materials.
3. Radiation protection services such as: radiation measurement and survey for any active environmental
4. Supplies for radiation production related radiation film badges.
5. Installation and replacement of anthropogenic (man-made radioactive sources) used in industrial applications especially oil industrial applications.
6. Estimating personal radiation doses and presenting radiation health reports annually.
7. Complete the import and re-export certificates of radioactive materials at the customer authorities.
8. Survey meter for radiation monitoring.
9. Medical files for worker and using of radiation materials.

**Wadi Bou Ghindass
Oil & Gas Services Co. Ltd.**

Established partnership with major players in the oil industry to help us meet your needs.

10. Supply with metrological data and information related to the work
11. Providing analysis for: air-water-soil-plants to cover heavy-element-toxicity hydro carbon-oil etc.
12. Training in radiation and industrial safety.

E. MEDICAL SERVICES-locally available capabilities

1. Provide medical services to international and local oil companies operating in Libya.
2. Medical support and training.
3. Pre-employment medical examination such as HIV tests and X-ray.
4. On-site emergency response, physician and nurses on site.
5. Fully equipped mobile treatment center.

F. SUPPLY OF MANPOWER SERVICES

1. Supply of manpower from Asia, Africa, Europe, Canada and the USA.

G. CATERING SERVICES

1. Worksite Catering
2. Oil/Gas/Energy Catering – Onshore/Offshore

We would like therefore to request that you give us an opportunity to provide you the materials and services according to International Standards and Specifications.

We remain at your disposal to provide any additional information and /or clarification that you may require.

Please do not hesitate to contact us for any of above services, materials and equipments you require.
